SWIZZLES & BUCKETS

Why not dream away to a warmer place?
This is our homage to the swizzles and buckets that
in ice filled, fogged glasses intrigue with their
freshness and full flavors.

The swizzle is said to originate from the first
ice houses in Barbados, and has become the classical
Caribbean choice of drink for a hot day.

The name refers to the preparing technique using a
stick from the Quararibea Turbinata tree to stir,
or *swizzle*, the fresh herbs and ice
with the other ingredients.

So, when you feel like having a mojito we invite you
to give its richer, more developed cousin a chance.

The bucket on the other hand has been a scorned
thirst quencher that we would like to give a little
more respect. With inspiration from the Thai full
moon parties we present you with an elaborated,
refined take on this epic Thai bucket.

HOUSE CREATIONS

Do you wish to try something entirely new?
Here you find the cocktails that showcase the talent
and ingenuity of our dedicated bartenders.

Farang's dishes, a product in season or perhaps a
newly arrived spirit inspire our bartenders
to new and bold creations.

We strive to stay alert and in constant development.

Therefore our house creations
are frequently updated.

This is where you find the future classics.
