## SWIZZLES & BUCKETS

Why not dream away to a warmer place?  
This is our homage to the swizzles and buckets that  
in ice filled, fogged glasses intrigue with their  
freshness and full flavors.

The swizzle is said to originate from the first  
ice houses in Barbados, and has become the classical  
Caribbean choice of drink for a hot day.

The name refers to the preparing technique using a  
stick from the Quararibea Turbinata tree to stir,  
or *swizzle*, the fresh herbs and ice  
with the other ingredients.

So, when you feel like having a mojito we invite you  
to give its richer, more developed cousin a chance.

The bucket on the other hand has been a scorned  
thirst quencher that we would like to give a little  
more respect. With inspiration from the Thai full  
moon parties we present you with an elaborated,  
refined take on this epic Thai bucket.

## SANTA TERESA

Family owned rum company Santa Teresa from Venezuela has since 2003 worked actively to help people out of criminality and into work. Through their rehabilitation program Proyecto Alcatraz, they have involved them to work at the distillery and to teach them values such as respect, discipline and team work through the sport of rugby. This have kept them off the streets and integrated them back into the society.

For us at Santa Teresa it feels good to be able to give back to the community and by that we will together with the bar donate 10;- for each sold Santa Teresa drink and coffee combination.
